

**Follow these simple steps to activate your licensed copy of  
K8 Poker TournaManager Deluxe**

1. Click on the **download link** received via **email from ECWID** to save the compressed file to your laptop/PC hard drive
2. **Extract, Launch application (.exe)** and Select Option 1 - **[Activate Product]**  
\* If prompted by Windows Defender click Advanced, Allow/Trust Unknown Publisher
3. Click **[Get Activation Key]** and **complete the top portion of the form** (enter email address used at the time of purchase)
4. **TAB** to EULA and **Accept EULA** and press **[Save]** (A device key will appear in the prompt for Step 2)
5. **Open your email application** then **click in the body of the email** and **hold the CTRL Key** and **press V**
6. Address the email **TO:** [register@k8software.com](mailto:register@k8software.com) and enter **ACTIVATE** in the **email subject line** and click **SEND**
7. **Wait 3-5 minutes** and then **check your email inbox** for an email from **admin@k8software**  
\* If you do not receive this email, check your SPAM and JUNK folders
8. From the email **copy the Unique Device Key** and **paste it to the prompt for Step 3** (back on the product registration form)
9. Click **[Activate Product]** and you're ready to roll
